

StoryJumper Instructions

StoryJumper is a cool web tool that helps you create an online e-book about any topic. Be sure to use your school **username**, **email address**, and **password** when creating your account!

Getting Started

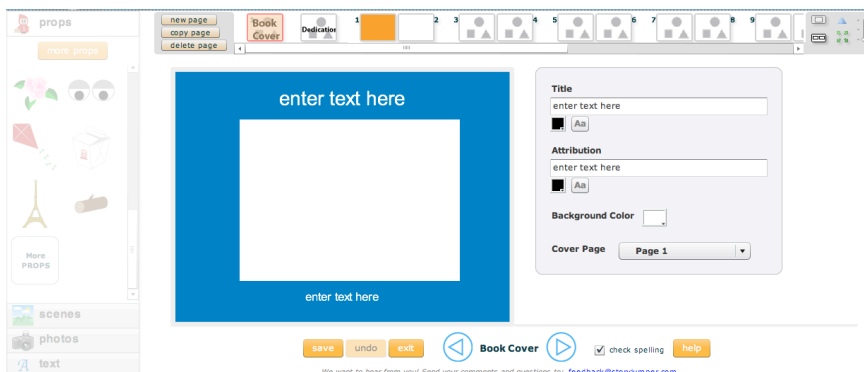

1. Go to the web site <http://storyjumper.com>.
2. **Log in** or **Sign up**. To **Sign up**, create an account using your school username, email address, and password. Your email address follows this pattern: jdoerk4389@bhsdocs.buhlerschools.org
3. Go to your **email** in **Buhler Docs** to activate your new account according to the email instructions. **Log in** to StoryJumper.
4. Click on the orange **Create** button at the top of the page to begin making your book, then choose **Build a book from scratch**.
5. This screenshot shows where you will create your book. Note that **book pages** are across the top of the screen, and **props**, **scenes**, **photos**, and **text** are on the left.

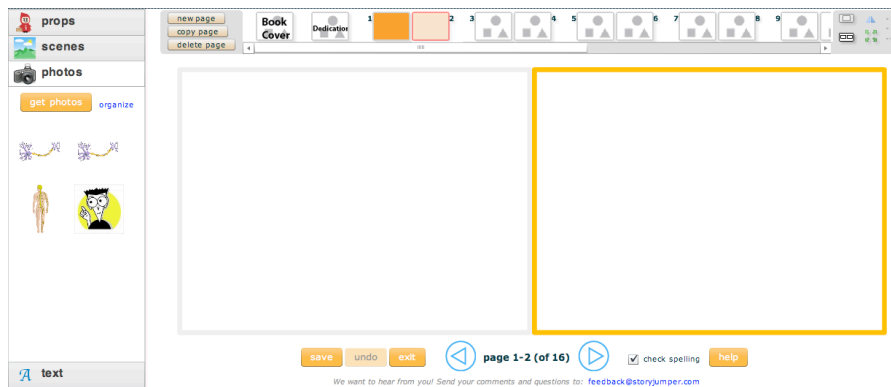

6. **Read** through the following tips and hints for an **overview** of the book creation process.

Overview of Book Creation Process (read through this before beginning your work)

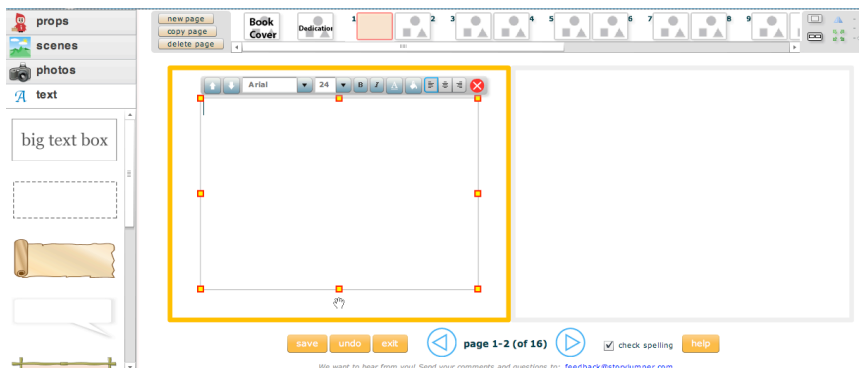

Cover Page: You **must** use a page already in your book to put on your **cover page**. Simply choose the page name you wish to put on your cover in the **cover page box**.

Scenes, Props, and Photos: You may add backgrounds, pictures, and clip art to your book by clicking on the **buttons in the left column** for props, scenes, and photos and then adjusting the images as instructed. Click **More** for additional choices.

Text Boxes: You may choose various type of text boxes and font types or size by clicking on the Text button on the left. If you will be typing several lines of text, select the **big text box**.

More learning: Click on the **Help** button to get more detailed information about StoryJumper options and features. Help is available at <http://www.storyjumper.com/main/help>.

Saving: Save frequently by clicking the **Save button** at the bottom of the page.

Logging back in: When logging back in to work on your project, **click on your book** and begin working. You **may** have to click on the **yellow MY button** at the top of the page. Choose **Edit** in the **bottom left corner**.

Finishing up: Click the **Exit** button at the bottom of the page. Choose the **Change** button at the left and fill in the boxes with a clear description of your project and some keywords for searching. Change the **privacy setting** to **Friends and Family**, then click **Save**.

Sharing: Time to share! Click the orange **Share** button at the left and enter your Buhler Docs email address. Click the **Send** button at the bottom of the page. You will now get an email from StoryJumper with your e-book's web page address. (If this doesn't work, see **Note below**.)

Copy that web URL and put it in a **subtab** in your **LiveBinder(s)**. Also, email the web address to your instructor. Be sure to ask your teacher which email address s/he wants you to use!

Note: When your book is open, you also can get the web address URL by copying it from the browser link itself.
